Amendments to the Claims

This listing of claims will replace all prior versions and listings of claims in the application:

Listing of Claims:

Claims 1-6 (canceled)

7. (Previously Presented) A method, comprising,
- providing access to a first webbank, said first webbank comprising a website hosted on a bank server for the use of a first webbank owner;
- wherein said first webbank has a webaddress associated therewith and is accessible by said first webbank owner over the World Wide Web using said webaddress; and,
- wherein said first webbank owner has access to said first webbank to provide said first webbank with a second webaddress, the second webaddress being a webaddress associated with a second webbank;
- wherein said second webaddress is the address of a website for a second webbank owner, and also acts as an account number, such that said second webaddress acts as an addressible destination over the Internet for transfers of funds thereto;
- and wherein said provision of said second webaddress at said first webbank is used to cause funds to be transferred from said first webbank to said second webbank.
8. (Previously Presented) A method as claimed in claim 7, wherein said first webbank and said second webbank are both hosted on the bank server of the same bank.

Serial No. 09/955,464 filed 9/18/2001
Amendment and Response of October 15, 2008
to Office Action of April 15, 2008

9. (Previously Presented) A method as claimed in claim 7, wherein said first webbank and said second webbank are hosted on the bank servers of different banks.
10. (Previously Presented) A method as claimed in claim 7, wherein said second webaddress is a public webaddress listed in a public directory for any third party to use to send funds over the Internet to said second webbank.
11. (Previously Presented) A method as claimed in claim 7, wherein said funds are transferred virtually instantaneously.
12. (Previously Presented) A method as claimed in claim 7, wherein said funds are transferred within five minutes.
13. (Previously Presented) A method as claimed in claim 7, wherein said funds are transferred within an hour.
14. (Previously Presented) A method as claimed in claim 7, wherein said funds are transferred between the first webbank and the second webbank at the time designated by said first webbank owner.
15. (Previously Presented) A method as claimed in claim 7, wherein said funds are transferred between the first webbank and the second webbank at the time designated by said second webbank owner.
16. (Canceled)
17. (Canceled)
18. (Previously Presented) A method as claimed in claim 7, wherein said first webbank owner

Serial No. 09/955,464 filed 9/18/2001
Amendment and Response of October 15, 2008
to Office Action of April 15, 2008

provides said second webaddress at said first webbank to view transaction records at said second webbank.

Claims 19-37 (cancelled)

38. (Previously Presented) A method, comprising,
- providing access to a system for transferring funds;
- said system comprising a plurality of webbanks, said plurality of webbanks comprising a first webbank and a second webbank;
- said first webbank comprising a first website hosted on a server for the use of a first webbank owner, said first website having funds of said first webbank owner associated therewith;
- said first webbank having a first webaddress associated therewith and being accessible by said first webbank owner over the Internet using said first webaddress;
- said second webbank comprising a second website hosted on a server for the use of a second webbank owner;
- said second webbank having a second webaddress associated therewith and being accessible over the Internet via input of said second webaddress into a web browser;
- such that said second webaddress is both the address of a website of said second webbank owner, and is an account number which acts as an addressable destination over the Internet for the transfer of funds thereto; and,

Serial No. 09/955,464 filed 9/18/2001
Amendment and Response of October 15, 2008
to Office Action of April 15, 2008

wherein said first webbank owner has access to said first webbank to transfer funds between said first webbank owner and said second webbank owner, such that said first webbank owner's provision of said second webaddress at said first webbank causes funds to be transferred between said first webbank and said second webbank.

39. (Currently Amended) A method[,] as claimed in claim 38, wherein said first webbank is a website hosted on a server controlled by a bank, and said second webbank is a website hosted on a server controlled by a bank.
40. (Currently Amended) A method[,] as claimed in claim 38, wherein said first webbank and said second webbank are both controlled by the same bank.
41. (Previously Presented) A method as claimed in claim 38, wherein said first webbank and said second webbank are controlled by different banks.
42. (Currently Amended) A method[,] as claimed in claim 38, wherein said second webaddress corresponds to an account which is publicly accessible, but which is a deposit only account.
43. (Currently Amended) A method[,] as claimed in claim 38, wherein said second webaddress is listed in a public directory.
44. (Currently Amended) A method[,] as claimed in claim 38, wherein said second webbank is publicly accessible by anyone over the Internet.
45. (Currently Amended) A method[,] as claimed in claim 38, wherein said system comprises millions of said webbanks.

Serial No. 09/955,464 filed 9/18/2001
Amendment and Response of October 15, 2008
to Office Action of April 15, 2008

46. (Previously Presented) A method as claimed in claim 38, wherein provision of said second webaddress by said first webbank owner causes the transfer of funds from said first webbank to said second webbank.
47. (Previously Presented) A method as claimed in claim 46, wherein said transfer of funds is approximately instantaneous.
48. (Previously Presented) A method as claimed in claim 46, wherein said funds are transferred between said first webbank and said second webbank at the precise time designated by said first webbank owner.
49. (Previously Presented) A method as claimed in claim 46, wherein said funds are transferred between the first webbank and the second webbank at the precise time designated by said second webbank owner.
50. (Previously Presented) A method as claimed in claim 46, wherein said first webbank owner can use said second webaddress to view a record at said second webbank corresponding to said transfer of funds from said first webbank to said second webbank.
51. (Previously Presented) A method as claimed in claim 38, wherein provision of said second webaddress causes the transfer of funds from said second webbank to said first webbank.
52. (Previously Presented) A method as claimed in claim 38, wherein said second webbank is a publicly accessible account, said publicly accessible account being an account accessible by members of the public and not just said second webbank owner, such that said second webbank is set to allow the public to access said second webbank and to deposit money into

Amendment and Response of October 15, 2008
to Office Action of April 15, 2008

said second webbank, while being set to bar the public from the right to withdraw money from said second webbank.

53. (New) A method as claimed in claim 7, wherein said funds are transferred in response to an invoice forwarded from said second webbank to said first webbank.

54. (New) A method, comprising,

providing access to a webbank system, said webbank system comprising a system for transferring funds;

said system comprising a plurality of webbanks, said plurality of webbanks comprising a first webbank and a second webbank;

said first webbank comprising a first website hosted on a server for the use of a first webbank owner, said first website having funds of said first webbank owner associated therewith;

said first webbank having a first webaddress associated therewith and being accessible by said first webbank owner over the Internet using said first webaddress;

said second webbank comprising a second website hosted on a server for the use of a second webbank owner;

said second webbank having a second webaddress associated therewith and being accessible over the Internet via input of said second webaddress into a web browser;

such that said second webaddress is both the address of a website of said second webbank owner, and is an account number which acts as an addressable destination over the Internet for the

transfer of funds thereto; and,

wherein said first webbank owner has access to said first webbank to transfer funds between said first webbank owner and said second webbank owner, such that said first webbank owner's provision of said second webaddress at said first webbank causes funds to be transferred between said first webbank and said second webbank; and,

wherein said webbank system further comprises a system for forwarding an invoice from said second webbank to said first webbank.

55. (New) A method as claimed in claim 54, wherein said system for transferring funds comprises a system for conducting said transfer of funds between said first webbank and said second webbank in response to said invoice forwarded from said second webbank to said first webbank.
56. (New) A method as claimed in claim 54, wherein said system for forwarding invoices comprises a system for forwarding an electronic invoice from said second webbank to said first webbank.
57. (New) A method as claimed in claim 54, wherein said system for forwarding invoices comprises a system for generating an electronic invoice and for forwarding said electronic invoice from said second webbank to said first webbank.
58. (New) A method as claimed in claim 54, wherein said system for forwarding invoices comprises a system for generating an electronic invoice, for forwarding said electronic
